3-5 February 2020, Lutanda Mt Victoria conference & recreation centre, the Blue Mountains, New South Wales, Australia

Please register here:

<https://app.secure.griffith.edu.au/griffithpay/ielab-alcas-conference-2020>

You are cordially invited to participate in the 2020 joint IELab-ALCAS conference in Mt Victoria! LCA practitioners as well as developers and users of the IELab will meet for two days to:

- widen community awareness and usage of LCA and Industrial Ecology
- showcase the diverse applications of the IELab
- showcase LCA applications
- create an environment for building and initiating collaborations
- support and train the next generation of IELab users and developers
- discuss new collaboration and project ideas

Join us for the 2-day conference in the beautiful blue mountains. There will be plenty of opportunity to get to know new research findings, meet researchers, and initiate new collaborations amongst a growing community.

Conference costs include accommodation, social activity, and all meals.

Please register early.
